# Summary of Events/Activities

## Saturday

Over the Saturday we will have activities happening inside TS Tamatoa and outside, along with those mentioned below. We are hoping to get some of the public involved and use this event as a recruiting tool. We will have a space where there will be a video of our history with photos etc, on display. We have organized a spit roast lunch (\$10.00 per head) as all the food outlets are located on Jackson St.

## Fun with the boats/boat races

We are hoping the weather will be good. We will have the Coast Guard out at the end of the Wharf and the Crowns out for people to sail. We would like to have a race with the current cadets against the past cadets etc. For safety, we ask if you can bring your own life jacket just in case we do not have enough of your size. People are reminded to bring boating gear. We have spot prizes donated by Burnsco Seaview.

## Fun on the beach/tug of war etc.

Once again hoping the weather will be good. Some land based activities with the help of members of a War Enactment group, Tug of war with current cadets against the past cadets etc. We intend to have a Bumper Balls for all to engage in and, if we can, some other rides. We have spot prizes donated by Burnsco Seaview.

## Sunday Charter Parade

We have not exercised our charter for a while and we would like to have both past and current cadets march from the bottom of Cuba St along The Esplanade to TS Tamatoa.

We also thought this would be a good way to bring the event to a close with a light lunch (\$10.00 per head) to send you on your way.

## A book of memories

We would love it if you could provide us with copies of any news footage, clippings, photos and any other piece/s of history to add to this and to the video we would like to put together for the event. Feel free to bring your photo album along to show off.
